

**THREE &
PARTNERS**

ACCOUNTING TAX LEGAL

THREE & PARTNERS ANNOUNCES THE USE OF LINKEDIN AS THE MAIN MEANS OF COMMUNICATING INFORMATION AND ACTIVITIES OF THE FIRM.

Three&Partners, an innovative boutique in the Italian Accounting Tax & Legal scene, announces that it will use the official LinkedIn page to update and communicate with its community.

Turin, 26.04.2021 - From today, all activities, events, appointments, in order to keep its community involved, will be presented on the LinkedIn page of the Turin-based firm ([linkedin.com/company/threeandpartners](https://www.linkedin.com/company/threeandpartners)).

The decision to use this specific professional social media is in line with the objectives that the Accounting Tax & Legal boutique has set since its birth in January 2021. The decision to communicate via LinkedIn was taken because the Three & Partners team, made up of highly qualified and constantly updated professionals, offers a wide range of specialized, digital and innovative services on which it seeks active communication with its users by sharing valuable content on specific topics in which the firm excels.

At the beginning of this year, Roberto M. Cagnazzo and Paolo Motto, combining their experience and expertise in the field of tax, corporate and legal on a national, European and international scale, announced the creation of **Three & Partners**, a new firm on the Italian Accounting Tax & Legal scene, based in Turin and rooted in the North West of Italy, but with a clear European identity and a strong international vocation.

Three & Partners is a member of **GGI - Global Alliance** (www.ggi.com) present in more than 126 countries.
